

## TOKYO AUTO SALON 2022

After the cancellation in 2021 due to the Covid19 pandemic, finally, Tokyo Auto Salon is back this year.

DIXCEL had the pleasure of having its booth at its usual location of Hall 5 #514 which is the same position for the last 10 years or so. This year, we didn't display any cars for enough social distance in the booth. As other preventive measures against Covid19, staff wore face masks + shields and gloves, making sure the antigen test results are negative after they are back from the events.

The display that turned out to be the most popular was that of our new product, "S type brake pads".

S type is Mid-range Sporty Street products that bridge between ES and Z type in performance and price.

We strongly hope we can welcome our overseas customers in the near future!

# NEW TO RANGES.

We are proud to announce new to ranges.
