

TOKYO AUTO SALON INFO (DIXCEL Booth location)

The Booth No of DIXCEL has changed to; **No.605 in Hall 6**

Last year, the visitors were required to present their smartphone screen of Covid19 Contact APP, however, this rule has been canceled because those apps ended their services.

Visitors are to show only e-tickets upon entering the Tokyo Auto Salon entrances.

2023 CALENDARS ARE BEING PRINTED NOW

The 2023 version of DIXCEL calendars are quickly being printed and prepared for dispatch! The last year's edition featured a street car with a stylish design, and this year is back to "Racing actions" featuring DIXCEL customers' GT cars. A couple of copies will be first sent to each overseas customer and more will follow being included in the batch shipments.

VOL9 NEW FULL CATALOGUE IS ON ITS WAY

The NEW edition of the DIXCEL 2023 full catalog is scheduled to be published in January/February 2023. Nowadays many brands only carry digital catalogs, however, DIXCEL stick to the old-school-way to explain brakes and its advanced technology not only the information of applications and Part No.

Alongside the release of the VOL.9 catalog, the new list prices are going to be applied in early 2023. They will be regrettably reflecting the ongoing raw material and the production energy cost increase, especially after the crisis in Europe occurred early this year. The detail will be announced soon.

NEW TO RANGES.

We are proud to announce new to ranges.
