

The new DIXCEL webpage is launched!

On Feb. 1, 2023, the newly designed DIXCEL webpage (Japanese & English) pages were launched. The biggest difference is the “Responsive Web Design”. It means now the webpage is easier to browse with mobile phones and tablets in addition to PC.

There may be some initial technical/design errors and these will be attended to in a due course, but if you find anything inconvenient or strange, please feel free to let us know your account managers.

Some delays in processing export orders

All overseas customers are kindly requested to expect some additional lead time for the orders placed from the end of the last year. This is due to the very active overseas sales continuing from early 2022 partly because of ① the weak Japanese currency and the surge of orders in January just before ② our price changes effective of 1st Feb 2023.

Currently, our export teams and the production & logistics staff are processing the orders to the best of their ability. We appreciate your kind understanding of this temporary situation.

NEW TO RANGES.

We are proud to announce new to ranges.
