DIXCEL NEWS 2025-05&06

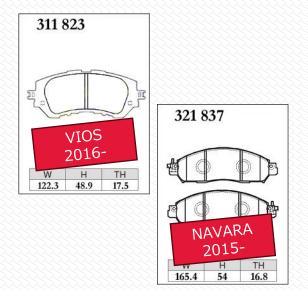

Race Season!!

With rising temperatures since May, the racing season is now in full swing. As always, DIXCEL products and teams are active at various events, including GT World Challenge Asia, Super Taikyu (Endurance), Geely Super Cup, GR86 Cup China, and more. Notably, in the GR86 Cup China, DIXCEL pads, discs have been selected as the official one-make components.

The pictures, movies for promotion are available on our online storage. If you don't have access to the storage yet, please let us know.

New M pad debut – VIOS, NAVARA –

In response to numerous customer requests, M-type brake pads for the Toyota VIOS and Nissan NAVARA have been added to the DIXCEL catalog.

We will continue to expand our lineup by adding pads for other popular models in the future. We are always happy to receive suggestions on vehicle models with strong market demand.

Brake Tutorial Course

Materials : Graphite metallic Temperature Range : 0∼850℃

Z type(Street to Track)

The Z-type is popular not only in the Japanese market but also overseas. Its wide operating temperature range (0–850°C) and strong stopping power make it suitable for both street and circuit driving.

We receive many inquiries about the Ztype from car enthusiastic around the world.
